**Types of Review/Procedure**

**Full Review**

The PRMC Chair assigns each application to a primary reviewer (medical oncologist), a secondary reviewer, a PharmD (as appropriate), and a statistician. Clinical Research Professional (CRP) review is documented on the Feasibility Form.

The Protocol Review and Monitoring Committee Evaluation Form is completed by the assigned reviewer.

**Expedited Review**

The PRMC Chair assigns a primary reviewer. The primary completes their review and leads the PRMC discussion about the project.

The Protocol Review and Monitoring Committee Evaluation Form is completed by the assigned reviewer.

**Protocol or Concept Review**

The PI submits the Protocol or Concept Submission Form to humansubjectsresearch@cc.hawaii.edu at the UH Cancer Center Office of Compliance at least four weeks prior to the PRMC meeting.

The PRMC Chair assigns the application for a full review. Review focuses primarily on feasibility and coordination with ongoing protocols.

The Protocol Review and Monitoring Committee Evaluation Form is completed by the assigned reviewer(s.)
