An internal analysis of the Kaka'ako Campus of the University of Hawai'i has been released

This University of Hawai'i at Mānoa report represents a summary of the internal work on a business plan proposal for the UH Cancer Center and the broader John A Burns School of Medicine (JABSOM) at the Kaka'ako Campus. The Cancer Center is being administratively incorporated into JABSOM to improve efficiency and effectiveness of both units.

Following this public release, Chancellor Bley-Vroman will be convening a group of external reviewers to assist in identifying additional opportunities and developing next steps for a thriving Kaka‘ako campus that serves the people of Hawai‘i.
